## Our Story

The Sandalwood Shop is the world's largest distillery of pure Australian Sandalwood oil, exporting to over 35 countries world wide. We have been instrumental in introducing this unique ingredient to the global beauty market, working with brands like Aveda, Clarins, Yves Rocher, Salterra and Estee Lauder.

Using renewable energy and water recycling, essential oil is extracted from the native Western Australian Sandalwood tree (*Santalum Spicatum*) and the Indian Sandalwood tree (*Santalum Album*).

Our unique range of Sandalwood beauty and lifestyle products are manufactured on site in Albany WA, and sold through our Albany, Broome, Kununurra and online stores.
