30 Years

of unforgettable escorted holidays for Western Australian travellers over 55

Thank you for creating precious memories with us at Villa.

Who knew buying a 'boarding house' for elderly people would inspire a senior travel company crossing all continents, running hundreds of tours annually and creating memories for thousands of Western Australians over 55?

My parents Jim and Jane Cummins purchased Villa Carlotta Hotel (now Ithaca Manor) in 1979 and in 1985 began connecting people from the Australind train in Bunbury to Busselton, offering lovely accommodation, great food and an abundance of warm, honest hospitality. We introduced them to the delights of the beautiful South West, inspired people to share unique and fascinating stories and created a large fun filled family. From the moment I started tour leading and cooking for guests in 1992, I knew many more fantastic years of laughter, friendships and most importantly holidays were yet to come.

The more our wonderful travellers suggested new holiday destinations, the more our tours grew. Having started by exploring the South West and staying at Villa Carlotta, we quickly began connecting our loyal customers to Victoria, New South Wales, Tasmania, Northern Territory, South Australia, ACT and Queensland on Villa Carlotta Tours. Before we knew it, we were off to Singapore, then Europe, China, Canada and the rest of the world! Having handed much of the everyday order of things over to our now Managing Director Matt Walker, I am honoured to say Villa Carlotta Travel continues to be locally based in Busselton and still owned by myself and Matt and his family in 2022.

I've been involved in many aspects of Villa Carlotta Travel throughout the years, from cooking lunches to renovating guest suites, however my favourite part has always been meeting and

spending time with you all, our dear travellers. I'm forever grateful for all the excellent stories, wisdom, humour and joy each and every one of you who have travelled with Villa over the last 30 years bring to my life.

Thank you for creating precious memories with us at Villa. Of course it is our loyal customers who help guide where our next tour will go and you all inspire our Villa team to make the most of every day and explore this amazing world with friends and loved ones.

Looking back on our Villa archives brings back so many wonderful memories! I encourage you to gather your holiday souvenirs and share them with friends and family to celebrate the moments we have all created over 30 memorable years. If you have any photos, postcards, poems or perhaps even ticket stubs you wish to share with the team at Villa to mark this anniversary, please don't hesitate to take a photo and send them to our friendly office team by emailing travel@villa.com.au. We also

love seeing your memories on Facebook. If you're online, don't forget to tag [@villacarlottatravel](https://www.facebook.com/villacarlottatravel) when you post so we can enjoy them too.

The remainder of Villa's 30th year looks refreshing for travel throughout Australia AND overseas. I'm ducking to Italy with my husband Con and seriously resisting the urge to

book one of the delightful European river cruises on page 26 of this magazine as a little side adventure.

Happy 30th everyone!

Margaret Buswell
Director

Tour Activity Levels

A guide to which tours may suit you

With such a diverse collection of travel options at Villa, we want to ensure you choose the right holiday for you.

The foot icons next to a tour in this magazine provide a guide to the required fitness level for each Villa holiday.

Relaxed

Suitable for travellers with low mobility. You will be required to embark/disembark coaches, trains and other transport via steps unaided. You must be able to carry your own luggage and walk short distances. Stairs may need to be negotiated at times. Travellers with walking aids (sticks and walkers) are welcome and those requiring accompanying assistance and/or carer may consider these holidays.

Moderate

Required to walk confidently and unaided. Expect guided walking tours of attractions with occasional inclines and stair climbs, some long days and multiple hotel changes during the holiday. Your accommodation may require access via stairs, a short walk to reach hotel facilities and have showers over baths.

Active

Requires some fitness. Involves longer days filled with activities, excursions requiring standing and walking for extended periods of time and nature-based activities. You will be required to walk confidently over uneven ground and surfaces at a timely pace.

Highly Active

Requires good general fitness. Excursions will be over more difficult terrain and require a certain level of agility. You will be required to walk confidently for up to three hours over uneven surfaces including soft sand, rocks and creek crossings. Some itineraries will explore remote locations.

Challenging

A high level of fitness is required. Tours have an emphasis on active pursuits and often explore remote locations which are challenging to access. You will be required to walk confidently for up to six or more hours per day and have experience in outdoor pursuits.
